

# SWING BED

*is a program in which people are able to stay at the hospital for rehabilitation and/or nursing care after they are medically stable and no longer need acute hospital care. It is designed to help people more fully recuperate before they go home. Swing Bed is often used as an alternative to a short term nursing home stay.*

A service provided by Memorial Hospital of Lafayette County. For more information about our Swing Bed services, please contact

**608-776-4466**

Case Manager at ext. 323 or Social Worker at ext. 268
